

Reopening of the Church in La Manga Club

On Saturday, 11 October 2025, after several days of heavy rain in the province of Murcia, with celebration and great joy, Saint Teresa's Church in La Manga club, was reopened.

Bishop Carlos participated in the service, along with the Rev Helene Ohman, who is in charge of the congregation, and the Rev Dr Holder, from the German Church. The church had been closed for repairs to the floor, which had been damaged by tree roots.

The church was too small to accommodate the large number of worshippers and visitors. Refreshments followed the service, and everyone enjoyed the hospitality and fellowship.

This year, the congregation is celebrating 30 years since the opening of the church and the start of services in 1995.
